Dedication

Dr. W. C.
Gilliam

There is no virtue for which a more lucrative award is due than that of service to our fellowman. Unselfish giving of time and energy by consecrated and loyal Americans have assured the greatness that our country symbolizes today.

A nation is as useful as its citizenship. Spiro, an integral part of these United States, is the splendid town that it is by virtue of the fact that so many have given so much.

The students of Spiro High School are not only aware but appreciative of the heritage we enjoy. We express our sincere gratitude--and especially would we convey our thanks to Dr. W. C. Gilliam for the unselfish service he has rendered students of Spiro Schools during the thirty-two years he has ministered to the needs of people of this area.

We, therefore, dedicate this our 1951 yearbook to our friend, Dr. W. C. Gilliam
